

PROVINCE OF ONTARIO

Scale = 1:50,000

TOWNSHIP OF SEGUIN
8KM RESPONSE FROM STSS ACCREDITED FIRE STATION - HUMPHREY FIRE STATION

Legend

- STSS Accredited Fire Station
- 8KM Response From STSS Accredited Fire Station
- Municipal Boundary - Lower and Single Tier

— Road

The maps and figures are intended to generally show an 8km road distance from a Superior Tanker Shuttle Service (STSS) Accredited fire hall. These maps and figures are not intended to illustrate the exact response distance or the exact STSS coverage area. It should be carefully noted that a true STSS coverage area would also be further limited to within 5km road distance of a dedicated water supply point which conforms to NFPA 1142, Standard on Water Supplies for Suburban and Rural Fire Fighting (most recent edition). Fire Underwriters Survey does not warrant or make any representations with respect to the quality, completeness, currency or accuracy of anything contained in this map, the fitness of this map for any purpose or results obtained using information contained in this map and is not responsible for any action taken in reliance on information contained in this map. In all cases, field data should be used to confirm the data and accuracy of these maps.
